About you

As a Camphill village, Solborg is a residential and working community. About twenty adult villagers live here, with varying needs of special care. About 20 volunteers and co-workers also live and work in the village. Living closely together with so many people can be challenging, do you feel up to this challenge?

Where does your interest to come and live in our village stems from?

Do you have previous experience in living or working in a curative or social therapeutic institution, or other relevant experience? Please describe.

How do you know of the Camphill movement and Solborg Landsby?

Is there any particular reason you are applying to a Camphill village in Norway (as opposed to another country)?

Do you have any previous knowledge of the Camphill movement or anthroposophy? If so, please describe this. Solborg Landsby has its own introductory course, which offers the opportunity to become better acquainted with the ideas at the heart of village life.

Do you have any hobbies, interests or skills that you wish to share with others (e.g. music, dance, handwork)?

Do you have any skill(s) or training that you wish to make us aware of?

Do you, for example, have a minibus/tractor and /or regular driver's license, or are you trained in the use of certain machinery, or working with animals?

Please describe earlier work experience and employment you might have had.

What plans do you have for the future, educational or otherwise?

It might be that you would have to change house or work-situation in the course of your stay in Solborg, according to the needs which might arise, sometimes unexpectedly. Are you prepared to help and work according to the needs of the village?

The village is dependent on a certain degree of continuity, and we prefer that new volunteers and co-workers stay for a full year. Is this possible for you?

Do you have any question(s) that you would like to have answers for?

Has Solborg Landsby been recommended to you by a current or past coworker? If so, who?

About your health

Work in the village can be quite demanding both physically as well as mentally. Is there anything you would like to make us aware of? (For example: dizziness, epilepsy, migraine, diabetes or other afflictions –none of which need necessarily prevent you from joining us)

Do you have any physical handicap(s), such as reduced mobility or sight or anything that can hinder you to carry out the physical work?

Do you have a mental health condition?

Do you receive, or have recently received treatment for any physical or mental illness?

Have you suffered from any **serious** illness?

Do you smoke or take any other addictive drugs? If yes, please describe the situation.

Have you previously in your life taken any illegal drugs?

Please provide an emergency contact address (parent/guardian etc.):
